

LET'S ACT TOGETHER!

Since 2013, 200,000 trees have been planted in different regions in France at the initiative of FLO PALETTES.

The intention of the network is to form part of an environmental action by limiting its CO₂ impact.

**The strength
of a complete
network all
over france
set up in 1993**

1993 Creation of the FLO Association at the initiative of 9 founding Members based on a principle of thorough cooperation in distribution throughout the regions. Right from the start, the emphasis was on the ethics of Members, their solvency and their wish to make progress.

2003 Creation of the FLO PALETTES Centre Platform at the initiative of 10 member companies of the FLO Association.

2005-2008 Extension of the FLO PALETTES network to all regions in France with the set-up of a national offer for the distribution of 1 to 5 pallets.

2008 Creation of the SAS Plateforme FLO PALETTES and start-up of the national network with 37 member operators.

2009 Roll-out of the Xyric computer application for management and tracking of shipments.

2013 Start of the «10 pallets for the planet» operation.

2014 Opening of the Plateforme FLO PALETTES building in Gidy (45).

2016 Over 50 member companies of the FLO Association now form part of the FLO PALETTES national network. Opening of Hubs in Lyon and Toulouse.

2018 The network grows to 55 companies. FLO PALETTES begins international operations. Opening of a hub in Charleval.

2019 400 000 pallets transported on the network.

2020 The 200, 000th tree is planted !

How you can benefit from the commitments of the FLO Association

- 1 computer system unique to all Members.
- Complete traceability of shipments from customer dispatch to delivery to recipient.
- Delivery notes displayed on the website for consultation by customers.
- 1 membership agreement for each member that joins the FLO PALETTES network.
- 1 common operating protocol including compliance with a Quality Charter.

The FLO Association values

- Respecting people and the environment is in our DNA.
- Humans grow and make progress.
- Making a commitment means giving your word.
- Sharing your expertise makes others more efficient.
